

# Trash and Recycling Containers

Section 7.4, paragraph (c) designates that garbage containers "shall be kept in a clean and sanitary condition, and shall be so placed or screened as not to be visible from any road or adjacent property within sight distance of the Lot at any time except during refuse collection."

This is a particularly sensitive situation since the City of Melbourne has established mandatory containers that are large and difficult to store in the garage. However, it is for the homeowner's benefit that the community be well maintained to enhance community safety and property values.
